

IN THE WOMAN'S WORLD

KILOHANA CLUB TO DISCUSS BROAD PLAN OF FEDERATION

There will be a special meeting of the Kilohana Club tomorrow afternoon at half past three o'clock to discuss a general council federation of all women's clubs in the city. Since the Kilohana Art League changed its name and its by-laws and is now the Kilohana Club there has been some talk of this organization. There are a great many women's clubs here whose work is to alleviate the suffer-

ing of the poor and if all of these clubs were under one head there would be no overlapping of work and the conservation of energy would be felt throughout Honolulu. A number of the women in the Kilohana Club are anxious to have this organization come about as soon as possible. An invitation is extended to all who are interested. No card invitations have been issued.

WOMEN'S BOARD HOLDS ITS REGULAR MONTHLY MEETING THIS AFTERNOON

Mrs. Doremus Scudder, who has been on the mainland for some time, will talk of the Board of Missions of the Pacific and the Board of Boston. She will also tell of the changes that have been made in the Board of Interior. During her visit to the main-

land Mrs. Scudder attended the meetings in each of these Boards.

An invitation to be present at this meeting is extended to all interested.

AN ENEMY OF YOUTH

Lack of Blood During Years of Growth Lays Foundation for Much Ill Health.

Youth is the time to lay the foundation for health. Every boy and girl should have plenty of pure, red blood and strong nerves. With this, pure blood, they start life with a handicap too great to win success and happiness. Pure, red blood means healthful growth, strong nerves, a clear brain and a good digestion. In a word pure blood is the foundation of health.

The pale, irritable boy or girl, who has no appetite or ambition, is sleepless, always tired out, melancholy, short of breath and who does not grow strong, is the victim of bloodlessness, the greatest enemy of youth.

There is just one thing to do for these boys and girls—build up the blood with Dr. Williams' Pink Pills for Pale People. You can't afford to experiment with unproven remedies. Through neglect or wrong treatment anemia gradually develops into the pernicious form which is incurable. Dr. Williams' Pink Pills work directly on the blood, cleansing it and giving it just the elements which it lacks. As the pure blood goes everywhere, the entire body, every nerve, muscle and tissue, shares in the health-giving properties of the pills.

Miss Ellen Mattis, of No. 232 West Fifth South street, Salt Lake City, Utah, relates her experience gladly in the hope that others will be helped. She says: "I was all run down, thin, bloodless and had no color whatever. Two doctors treated me but did not help me that I could see. I kept losing in flesh and weight. I had severe palpitations of the heart and often had to gasp for breath. It seemed that I was being smothered, my heart would beat so fast. I had no appetite and the least exertion tired me all out. I got discouraged with taking so much medicine, but my mother urged me to try Dr. Williams' Pink Pills. I felt some improvement from the first box and as I continued to use them my strength and weight increased and my color returned. I became real healthy again and I shall always speak highly of Dr. Williams' Pink Pills."

A free booklet, "Building Up the Blood," will be sent on request. Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

MUSICAL RECITAL PROVES SUCCESS

John Erskine Laraway and Elsa Cross Howard may have been maligned up to and including the first part of the evening last night, but from now on they are accepted kamaainas, for they won their way, in spite of difficulties, straight to the hearts of the good folk who listened to the most finished performance they gave in the music room of the Young Hotel roof garden. It was good. It would have been good anywhere, but here, where we have had so many imitation performances and have accepted them perforce, it overcame the natural shyness of the Honolulu audience before ever the second part of the program was well begun.

On the whole, Elsa Howard's work was the more pleasing, although Mr. Laraway covered himself with glory of the sort that is hardest to get in this city. He was laboring under several handicaps. His artistic temperament seemed to feel acutely that he was being tested during the first half of the performance and he retired within his shell, so far that the effort he was making to get his effects was very evident.

Whatever Mrs. Howard may have felt she concealed behind the screen of her art, while she was flawless. How she managed to get the effects she did out of her instrument, puzzled those who looked only at her physique. Her handling of the Bach Allegro, the first number of the program, was brilliant, but lacked the expression she managed to infuse into her later scores. She grew steadily better as the program proceeded and her final number, Liszt's Polonaise, was the best thing offered during the evening.

Mr. Laraway was best in Danny Deever, Rudyard Kipling's wonderful ballad.

Mrs. Howard and Mr. Laraway intend opening studios in Honolulu and making the city their home.
